

NEWS FOR THE ENGAGED CITIZEN!

Letter from the Chair

Dear Election Integrity Supporters:

2023 started off with a BANG; or more like a fizzle as our legislators voted in the Speaker of the House who appoints democrats as committee chairs. We immediately headed to Austin to meet with the legislators to request they change the house rules banning this practice. We arrived to find Speaker Dade Phelan had called the legislators into session and a vote was forced where all but 19 republicans voted to accept the house rules. It was despicable to say the least. We wanted them to vote "NO" allowing further debate in hopes of banning the speaker from appointing democrat committee chairs where our conservative bills go to die.

You can see all the days shenanigans here <https://capitol.texas.gov/BillLookup/Actions.aspx?LegSess=88R&Bill=HR4> and please take the time to write your house rep either thanking them for standing strong, or let them know you expect them to vote in line with the people who put them there.

We are returning to Austin January 24th and we hope you'll join us on the chartered bus. More details below.

Please stay active and in touch with your State Senators and Representatives because there is a ground swell of grassroots from across the State who are making their voices heard and Bexar County needs to be the tip of the spear.

Hold Texas, Hold the Nation.

Melinda

Maxims:

- No such thing as offline or online - remember Volkswagon?
- Pretending to vote on a computer is no different from pretending to vote on a cell phone
- People cheat by the 100s on paper; they cheat by the 100,000s on computers
- The real problem: people just don't believe in our election results
- A computer programmer is the king of the universe of computers; he can make a dot appear anywhere he wants it to appear (think vote results)

Why Texas Elections are Not Safe or Secure

[Read More from Senator Bob Hall](#)

The lack of accuracy, transparency and accountability in the current Texas election process means it would be impossible to present sufficient evidence in a court of law to prove that anyone elected to public office was actually the intent of the majority of those who voted in their election.

5 REASONS TO SAY NO TO ELECTIONS BY MAIL

INSUFFICIENT
CHAIN OF CUSTODY

THE RISK ISN'T

1 CHAIN OF CUSTODY

BALLOTS SHOULD HAVE PROPER CHAIN OF CUSTODY FROM THE TIME THE BALLOT IS CREATED, INTO THE VOTER'S HANDS, AND RETURNED BACK TO THE COUNTY ELECTIONS OFFICE.

EVEN POSTAL WORKERS WILL ADMIT THEY LACK PROPER CHAIN OF CUSTODY.

OUR VOTES ARE VALUABLE. HANDLE WITH CARE.

DID YOU KNOW

THE RISK ISN'T WORTH THE CONVENIENCE

2

BALLOT HARVESTING WILL BE LEGAL

USPS IS THE COUNTRY'S LARGEST BALLOT HARVESTING OPERATION. IF SOMEONE OTHER THAN THE VOTER IS ABLE TO RETURN A VOTED BALLOT BACK TO THE COUNTY, THEY ARE BALLOT HARVESTING.

UNLESS STATE LAW PROHIBITS SOMEONE OTHER THAN USPS FROM RETURNING VOTED BALLOTS, ANYONE CAN LEGALLY BALLOT HARVEST.

NOW YOU DO

3

ELECTION DAY TURNS INTO ELECTION MONTH

VOTERS CAN RETURN THEIR BALLOT ANYTIME DURING ELECTION MONTH, AS LONG AS IT'S BEFORE THE DEADLINE.

NEXT THING YOU KNOW, THEY ARE SCANNING BALLOTS FOR TABULATION TWO WEEKS BEFORE ELECTION DAY. IMPOSSIBLE TO HAVE OBSERVERS PRESENT FOR A MONTH STRAIGHT

THAT'S NOT ALL

4

MAY ALLOW THE LATE RETURN OF BALLOTS

OR CAN BE USED AS A GOOD EXCUSE WHY THERE SUDDENLY WERE A BUNCH OF VOTES ADDED AFTER THE RESULTS ARE ANNOUNCED, BUT BEFORE CERTIFICATION

SOMEONE MAY BE TEMPTED TO INSERT BALLOTS IF THEY DON'T LIKE THE INITIAL RESULTS

THERE'S MORE

5

TABULATED IN ONE CENTRAL LOCATION, NOT AT THE PRECINCTS

COUNTING ALL BALLOTS AT ONE CENTRAL LOCATION MEANS A BAD ACTOR ONLY NEEDS TO GAIN ACCESS TO ONE SYSTEM TO MANIPULATE ALL THE VOTES

THE LIST KEEPS GOING

Brunson Brothers SCOTUS

We will be filing a petition for reconsideration within the next 30 days which moves the court to reconsider their denial. After it's filed, it gets docketed, and they set it up again for a closed door hearing. This process takes about 30 days after it's put on the docket.
